RED STAG CHILE

CENTRAL VALLEY | IX REGION, PATAGONIA, CHILE

Our chilean program offers exclusive opportunities to hunt for enormous Red Stags that roam the Central Valley of Chile. A combination of abundant food, great cover, and more than 80 years

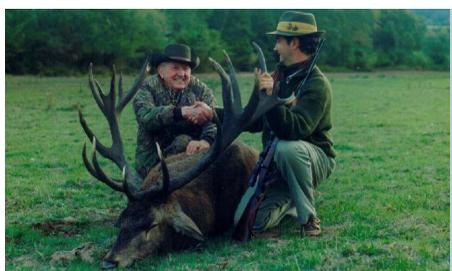

Of selective herd management helps produce some of the biggest wild stags in the world, comparable only to certain regions of Eastern Europe. Indeed, over the years many of these trophy bulls have made the record books. Stags are completely wild and all hunts are fair chase on an unfenced ranch. No more than six mature stags are harvested annually, so these hunts are in high demand.

Each hunter will be accompanied by an individual guide. These experts are all members of the same family and have an intimate knowledge of the area. The terrain includes valley, rolling hills, and wheat fields interspersed with thick stands of dark timber. Open fields and meadows make it easy to move around. And nothing is more exciting than seeing huge bulls bugling at close range through the early morning mist.

Your base is a beautiful family estancia, where the owners look after small groups of guests. The lodge, built from local stone and wood, overlooks the mountains and the main hunting grounds. In the evenings guests enjoy traditional asados (BBQ) and delicious home cooked meals, complimented by fine Chilean wines.

THE EXPERIENCE

IN PICTURES

LOCATION

- The estancia is located near the small town of Victoria in the IX Region of Chile
- The city of Temuco is only 40 miles south of the estancia and has a major airport with daily flights (1 hr) from Santiago
- The estancia also has its own landing strip

THE HUNTING

- Season runs from the beginning of March to mid-April
- Temperatures are pleasant during the day (15-25 degrees C/ 60 -75 F) but cool at night (3-10 degrees C / 35-50 F)
- Hunters depart the lodge before daylight
- Guiding is 1x1 and all speak good English
- Travel from the lodge to the hunting areas is done via trucks and/or horse-back. These zones are never more than 30 minutes from the lodge
- The final stalk is done on foot
- There are some elevated stands for those who prefer to hunt from a still position
- Hunters return to the lodge for lunch and a siesta
- Evening hunts last until dark
- All harvested stags are over 9 years old and past peak reproductive age
- Flat fee
- Full trophy preparation services available
